## High School Summer School 2019

## Letter from the Coordinators

Dear Parents and Students:

The Irvine Unified School District is excited to offer its annual Summer School blended learning program for grades 9-12 at San Joaquin High School from June 11 to Wednesday, July 24 with the exception of July 3-5 to honor the Independence Day holiday.

Since we are running a blended learning program at SJHS, and the on-site summer program at Irvine High School, students are welcome to participate in both. We have designed the programs so that students can get from the traditional program at IHS to the blended program at the Creekside Education Center and vice versa if desired.

The Irvine Unified School District Summer School program operates under a donation model. While some districts have opted to cut their summer programs due to budget restraints, the Irvine Unified School District is seeking to preserve this valuable opportunity by asking for donations from participating families. Below each course description in the catalog, you will find a “suggested donation” amount to help cover the cost of instructors, materials, facilities and other support services. The Summer School program presents an incredible opportunity for our students, whether they’re pursuing remediation, enrichment or the chance to get ahead. As such, we’re hoping our funding model is sufficient enough to run all of our course offerings and satisfy the needs of every family.

Parents and students are encouraged to discuss summer school enrollment with their counselors, paying careful attention to the prerequisites listed in the 2019 Summer School Course Catalog and your counselor’s recommendation. Only those students who meet the prerequisites will be allowed to enroll in the course offering, and all enrollment due dates, rules and deadlines are final.

Please know that a donation is not required to enroll, and families that choose to contribute may do so at any amount. Our goal is to offer each of these courses, and your donation will help support this goal. Insufficient enrollment and/or insufficient funding could result in course cancellations. Recent summers had multiple courses that were cancelled due to insufficient funding. Families that contributed to these cancelled courses had their donations and registration forms shredded the week prior to the start of summer school. These courses, as well as a variety of others, will be offered again with the hopes of sufficient donations to fund the program in its entirety.

If you have any questions about course offerings or your student’s academic plan please contact your student’s counselor. If you have questions about Summer School details, registration, donations or logistics please email us at the appropriate email listed below.

Thank you.

The Board of Education is committed to maintaining a learning environment free from harassment, intimidation or insult, student-to-student or adult-to-student, on the basis of an individual's actual or perceived sex, sexual orientation, gender, gender identity or expression. Positive action will be taken when necessary to eliminate such practices or remedy their effects. Sexual harassment, as defined and otherwise prohibited by state and federal statutes, constitutes an unlawful form of sex discrimination in violation of Title IX of the Education Amendments Act of 1972 and Title VII of the Civil Rights Act of 1964. In addition, sexual harassment constitutes violation of the California Education Code, regulations of the State Board of Education, and District Policy. As such, sexual harassment may constitute just cause for discipline pursuant to applicable Education Code Sections.

# The Summer School Registration Process

All registration must be completed in person and begins with online course selection.

To register for blended learning summer school:

- 1) Complete the online registration (see below on how to register)

Credit card refunds will include the donated amount minus the processing fee. All checks will be processed as of June 7, 2019. Requests to drop a course after June 7 will be honored, but no refunds will be made.

**Refunds cannot be made after June 6, 2019**

# Confirming Enrollment

## Checking Your Summer School Schedule

**Notes:** Summer School courses will appear in AERIES beginning **May 20th**. Any schedule changes for blended summer school must be made between **May 20th and June 5<sup>th</sup>**. No schedule changes will be made after **June 5<sup>th</sup>**. No more than **one absence** is allowed for any blended summer school course (see course descriptions for additional attendance policies).

**Step 1:** Start by accessing the Parent Portal login screen: <https://my.iusd.org>.

Enter your email on the first screen.

Enter your password on the second screen.

**Step 2:** Click on **“Change Student”** on the top center of the home screen. Select **“San Joaquin Summer School”**.

**Step 3:** From the Home Page, select Student Info and then select Classes.

**Step 4:** Once on the Classes screen, you will need to DESELECT or UNCHECK “View Only Current Term” in order for the classes to display.

### Session Times for San Joaquin Blended Summer School:

Periods 1-2 block: 7:30 am - 9:30 am

Periods 3-4 block: 10:00 am - 12:00 pm

Periods 5-6 block: 12:30 pm - 2:30 pm

For additional assistance with the parent portal, please contact [helpdesk@iusd.org](mailto:helpdesk@iusd.org).

## Requesting a Drop or Schedule Change

You may find that your student no longer needs to take a Summer School course or needs to take a different course. Please follow the guidelines below to ensure they are dropped from the class or changed correctly.

- If you are dropping a class before the first day of summer school, you must email [sjhsummer@iusd.org](mailto:sjhsummer@iusd.org). Refunds will only be given until June 6. Requests to drop a course after June 6 will result in the class being removed from the schedule and we will be unable to refund your donation after June 6th.

### Drop Dates for Six Week Courses:

- The last day to drop without a “W” on the transcript is June 25th.
- The last day to drop without a “WF” on the transcript is July 2nd.

For three week sessions (Chemistry A and B):

### Drop Dates for Chemistry A:

- The last day to drop without a “W” on the transcript is June 18th
- The last day to drop without a “WF” on the transcript is June 21st.

### Drop Dates for Chemistry B:

- The last day to drop without a “W” on the transcript is July 11th
- The last day to drop without a “WF” on the transcript is July 16th.

- If you are changing a class after registration you must email your request to [sjhsummer@iusd.org](mailto:sjhsummer@iusd.org). There is no guarantee changes can be made at this point. **We do not change schedules to accommodate teacher preferences, carpool situations or choice of classmates.**
- If you are dropping a class during the Summer School session you must send an email to [sjhsummer@iusd.org](mailto:sjhsummer@iusd.org).
- Since IUSD Summer School is being offered at one site, and the blended learning program at another, **students may request courses on both campuses** as long as students have the means to get to both campuses *and* class times do not conflict. Students are allowed to take up to two classes unless Drivers’ Education or College Readiness is the third choice.

\*Questions on dropping or changing a class should be directed to [sjhsummer@iusd.org](mailto:sjhsummer@iusd.org) if your student is attending summer school at San Joaquin High School or [ihsummer@iusd.org](mailto:ihsummer@iusd.org) if your student is attending summer school at Irvine High School. For summer school attendance policies, please refer to the section on attendance below and the course descriptions.

## Credits, Grades, and Repeating a Course

All one session, six week courses at San Joaquin High School (blended learning) are 5 credits. If the course repeated originally earned a D or F grade, and earns a repeated grade of C or better, the only the repeated grade is used in calculating the overall GPA. If a student repeats a course in which there was a C or better, the original *and* repeated grades are averaged for GPA calculation. Driver’s Ed, HS Math Bridge, and College Readiness are pass/fail classes. “P” is not calculated into the GPA. Students enrolled in six week A/B courses will receive 10 credits but are required to participate in both the first and second session.

# Structure of the Blended Learning Program

The summer school day at San Joaquin High School is divided into two blocks. The first block (listed in the parent portal as period 1/2) is from **7:30 AM—9:30 AM**. The second block (listed on the parent portal as period 3/4) is from **10:00 AM - 12:00 PM**. The third block (listed on the parent portal as period 5/6) is from **12:30 PM - 2:30 PM** for the 6 weeks.

Technology skills for blended learning courses include:

- Basic computer terminology, the use of the keyboard and mouse.
- Basic web skills, including the use of navigation and search tools.
- The use of word processing documents, the ability to open, modify, save, scan, and upload documents in different formats.
- Composing, receiving, and replying to electronic messages.

Student will need reliable access to the Internet for the duration of the summer session.

Weekly, in-person meetings will be held at Creekside Education Center, [3387 Barranca Parkway, Irvine, CA](#), or another appropriate facility. All courses, class days, and class times are anticipated only and subject to change.

Students will be responsible for their own transportation to and from Summer School. Students who wish to drive themselves must park in the correct location. The Irvine Police Department routinely checks the local parking lots for appropriate usage. Students who fail to park in the appropriate location will be subject to local ticketing and fines.

## School Rules and Policies - Attendance

**Absences:** Students are expected to commit to the full term of Summer School. Students are allowed no more than ONE class (with prior approval) for a Blended Online class; upon the SECOND absence, a grade and credit cannot be earned and the students will be dropped. If a student arrives more than 30 minutes late to class this too will count as an absence.

**Tardies:** Three tardies to a class are equivalent to one absence. Upon the 6th tardy, grade and credit cannot be earned and the student will be dropped. Tardy marks will be combined with absences to determine if a student is dropped from the course.

There are no “excused” or “unexcused” absences. **THERE WILL BE NO EXCEPTIONS TO THIS POLICY**

## Cell Phone and Electronic Device Policy

Students may not use their cell phones between the start and finish of class. All cell phones must be turned off and put away. They must not be visible. Using a cell phone as a clock or saying that it fell out of a pocket is not an excuse to have a cell phone out.

If a student is using a cell phone (ANY OF ITS FUNCTIONS) for any reason during the restricted time, the following consequences will be imposed:

**Violation #1:** Phone will be confiscated and the rules are reviewed. The phone is returned to student at the end of the class period.

**Violation #2:** Phone will be confiscated and turned into the front office where the rules are reviewed again. The phone is returned to student at the end of the school day. Administrator contacts the parent.

**Violation #3:** Parent conference. Student dropped from Summer School course.

**IRVINE UNIFIED SCHOOL DISTRICT IS NOT RESPONSIBLE FOR LOST, STOLEN OR BROKEN CELL PHONES AND WILL NOT PAY FOR PHONES THAT ARE LOST, STOLEN OR MISPLACED BY STAFF MEMBERS AFTER CONFISCATION (Board Policy 5131.6).**

# Academic Honesty

Academic honesty in the classroom and on-line means that all students do their own work on assignments, homework, and examinations. The work completed by students is used to determine the grades given in courses. Unauthorized assistance from other students or student aides also is considered a violation of the Academic Honesty Policy.

It shall be the judgment and responsibility of teachers to determine whether an academic dishonesty violation has occurred. Students in violation of the policy will be immediately dropped from the summer school class.

**EXAMPLES OF VIOLATIONS INCLUDE** (but are not -limited to):

1. A student looks on another student's paper or talks during an examination.
2. A student helps another student cheat on an examination, assignment or project.
3. A student uses unauthorized materials (notes, calculators, etc.) during an examination or on a paper/project.
4. A student furnishes either the contents of an examination or an actual exam from an earlier class period to students taking the exam later.
5. A student copies another student's homework.
6. A student turns in another person's work as his/her own and/or students work together to complete an assignment and then turn in work that is similar in nature
7. A student conspires to cheat or help other students to cheat on an examination, assignment or project.
8. A student uses another student's computer file.
9. A student cheats on an examination by preconceived acts, such as stealing an examination.
10. A student makes changes on graded work, a grade sheet or any school record.

## Health

Health education is an integral part of a comprehensive high school education program designed to help students understand essential health concepts, analyze health influences, and access valid health information. Emphasis will be placed on developing positive interpersonal skills, making decisions to enhance health, setting goals, and practicing and promoting health-enhancing behaviors. The format of this course will be a blended learning option, with both online and in-person requirements. This course satisfies the health education requirement towards the completion of a high school diploma.

## Economics

This semester-long course invites students to broaden their understanding of how economic concepts apply to their everyday lives—including microeconomic and macroeconomic theory and the characteristics of mixed-market economies, the role of government in a free enterprise system and the global economy, and personal finance strategies. Throughout the course, students apply critical thinking skills while making practical economic choices. Students also master literacy skills through rigorous reading and writing activities. Students analyze data displays and write routinely and responsively in tasks and assignments that are based on scenarios, texts, activities, and examples. In more extensive, process-based writing lessons, students write full-length essays in informative and argumentative formats.

## **Driver's Education**

The Driver's Education course is designed to teach students the concepts and laws related to driving a vehicle. Emphasis will be placed on the responsibilities of driving, the rules of the road, traffic procedures, safe driving concepts and practices, legal obligations, and the physical and mental factors (including alcohol, drugs, and distracted driving) affecting a driver's capability. This course is one academic quarter in length (2.5 elective credits), and meets the DMV minimum requirement of 30 hours of classroom instruction for driver's education. This course is the classroom portion only, and does not include the behind-the-wheel course.

Students who successfully receive a grade of passing (70% or higher) and complete the required hours will receive an official certificate of completion issued through the California Department of Motor Vehicles. This certificate is required to obtain a learner's permit for all drivers between the ages of 15 1/2 and 18 years old.

Age requirements: 15 years old before the start of the course. Students must be 15 1/2 years old or older to take the permit test and apply for the learner's permit through the DMV. It is recommended that students take the course as close as possible to the intended permit test date to facilitate retention of the material.

## High School Math Bridge

This course is designed for current math 2 students recommended for and electing to accelerate their math pathway within Irvine Unified School District. This course will provide in-depth instruction, practice, and assessment for standards needed to 'bridge' to an accelerated math pathway. The format of this course will be a blended learning model, with both online and in-person requirements. This course will cover six weeks of lesson material, with instruction, practice, assessments, in-person meetings, and other activities as designated by the teachers. In-person exams and an end of course assessment will be administered at predetermined dates and times. You may request this course for summer if you have one or both of these criteria met at the time of registration:

- 1) Grade of "A" in fall semester of Math 2
- 2) A "Yes" on the teacher appraisal

The third criteria is the End of Course Exam, with a score of 85% or better. EOC exams will be administered in May. All course requests will be considered pending until two of the three criteria are met before the summer session begins. If you are unsure if you have met the criteria, please contact your Math 2 teacher.
